

BACK TO THE ARCIVES:
HOW GOD HAS LED US ALL THE WAY!
By Pastor Max Solbrekken, D.D.

God opened the doors to Brazil for this ministry in 1987. Dr. Manoel Ferreira and Genito Alencar were in Edmonton to attend the PAOC Canadian Conference intent on inviting a speaker for the First South American Pentecostal Convention in Sao Paulo, Brazil.

Genito had been my son Ken's roommate at Bible College in the USA and Dr. Manoel Ferreira wanted to meet me. As Ken and Genito drove toward Faith Cathedral, Dr. Manoel and I travelled in my vehicle to the church. I do not speak Portuguese and he did not know English, so we both spoke out in tongues for about twenty minutes. When we arrived, Dr. Manoel Ferreira immediately invited me to be the Canadian speaker at the Convention. Here is Dr. Manoel's account of our Ministry there in 1987:

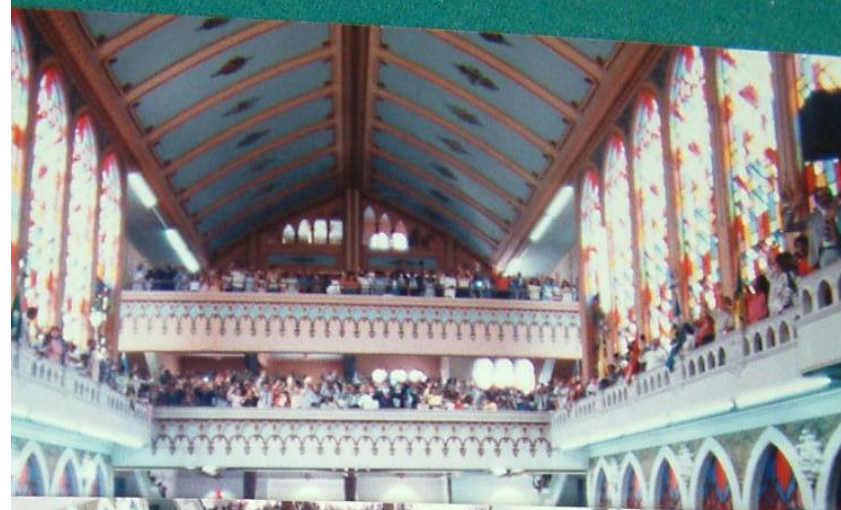

1987 - Dr. Manoel Ferreira-Sao Paulo, Brazil - Former General Superintendent of Brazil Assemblies of God and President of 40 million members Pentecostal Federation of South America.

"In November 1987, the First Pentecostal Conference of South America was a tremendous success. Some of the greatest preachers in the world were present. The night Dr. Max Solbrekken preached there were so many miracles we could not count them. We sold more cassettes and videos of Max Solbrekken's ministry than any other night during the entire conference."

Immediately, when the Convention was over, the Assemblies of God leadership set up crusade meetings for us in two other cities. They also invited Donna and me to return to Brazil as the **Speaker** for the 1988 Assembly of God Annual Conference.

Here is the letter that Dr. Manoel Ferreira sent me dated May 4, 1988:

Dr. Max Solbrekken:

May 4, 1988

I feel profound joy in my soul on greeting you with the sweet name of Jesus and receiving through your life the flowing of the Spirit of God!

I feel a lot of pain in my heart having to explain to you the very difficult situation in which Brazil finds itself.

In the economic aspect, the reforms made by the government.... the Brazilian society suffers from hopeless anxiety, not knowing what the future will bring...the hopelessness of the Brazilian people is terrible.

This being as it is, has enabled spiritism and witchcraft ... to grow tremendously. Just so that you understand the crisis of the Brazilian people, here is a simple analysis of only one aspect of the population. Of the 140 million people in Brazil....30 million destroyed by drugs; 32 million under 16 years live on the streets; 8 million are alcoholics; 80% of the future of Brazil is black, without any hope for the future.

If there is not a very strong action by God and very quickly, I guarantee you that in less than two decades the Brazilian nation will have been destroyed and thrown directly into the fires of hell.

THIS IS THE HOUR FOR BRAZIL! IT IS NECESSARY TO ACT – NOW OR NEVER...

Aside from the economic crises, aside from the social crises, aside from the spiritual crises, we are also suffering from a ministerial crises. This vacuum has to be filled urgently...

As President and vice-president of the Assemblies of God, I affirm that MAX SOLBREKKEN is the hope for the construction of the credibility of the Brazilian people in the men of God from overseas. He has a profound compassion for souls and is under the power of God to take them out of the hands of Satan.

MAX SOLBREKKEN is the man that God has used with powerful messages, signs and wonders. In many of the State Capitals of Brazil, he has been accepted and respected as the man of God for Brazil.

Besides having been President and Vice-President of the National Convention of the Assemblies of God in Brazil, I am now the President of the Convention of the Madureira Assemblies of God Ministries and affiliated churches. This ministry has over 6 million members and 5,000 workers (pastors and evangelists). Our Convention give its complete and unrestricted support to **MAX SOLREKKEN**. We would like to urgently establish contacts with other Conventions of the Assemblies of God in various parts of the universe, so that together give our complete support to the ministry of MAX

SOLBREKKEN and save Brazil from the terrible chaos that awaits it.

THIS IS THE HOUR FOR BRAZIL! NOW OR NEVER!

We plead that MAX SOLBREKKEN comes to “Macedonia to help us”, in Jesus’ Name.

The development of the MAX SOLBREKKEN ministry will be the salvation of Brazil. It is necessary to establish an office for the coordination of the MAX SOLBREKKEN Crusades, so that these can be advertised in the big Brazilian cities. A serious and wide-reaching ministry.

We all believe that various Assemblies of God Conventions, in a united and urgent work, will liberate Brazil from the chaos – through the divine operation in Max Solbrekken. **MAX SOLBEKKEN is without a doubt the man for Brazil. May the Spirit of God open the doors!**

Newfoundland Conference Report

HUNDREDS TURNED AWAY AS DR. MAX SOLBREKEN PREACHES AGAIN IN NEWFOUNDLAND AFTER 13 YEARS!

The Eastern District of the Pentecostal Assemblies of Newfoundland held its Annual District Conference from May 10 to 15, 1988. There are 87 churches within the Eastern District, 150 pastors and delegates and visitors attended the conference.

The Business Sessions were held each day from 10:00 PM to 5:00 PM. Evangelistic services were held each night by Dr. Max Solbrekken in the Frank Bursey Memorial Tabernacle on the Emmanuel Convention Centre grounds.

Dr. Max Solbrekken held crusades in Newfoundland thirteen years ago in the Frank Bursey Memorial Tabernacle and scores of people were saved, healed and baptized on the Holy Ghost. Many were the signs and wonders in those meetings in 1975. Out from those meetings came several of the present ministers of the Pentecostal Assemblies of Newfoundland.

The meetings held from May 10 to 15, 1988, were no less powerful, than the meetings in 1975. God moved mightily night after night, as His servant, MAX SOLBREKKEN

attacked sin, sickness and disease. Max, in prophetic Spirit called forth men and women each night each night for salvation, healing and deliverance.

The last night of the services, a man on the outside of the building, who had taken an epileptic spell and was in a dying condition was brought on the platform, where Brother Solbrekken cast out the epileptic spirits by His Word in Jesus name. The man was completely healed and walked back and forth on the platform, rejoicing in his deliverance and newfound salvation!

Another young man, who had been attending Bible College, but got away from God and was living in Sin and tormented by demons of perversion and suicide came to the altar and was delivered in Jesus name as the demons came screaming out. Scores came to the altar seeking God for salvation and forgiveness. The crowds were so large that it was impossible to seat them all many hundreds were turned away!

On the night of May 10, I myself was attacked with heart failure, but Brother Max decreed that I would be made well, and I was restored so that I could carry on with the Conference. Satan tried to mess up the schedule and hinder Dr. Max from preaching these meetings, but Jesus won. Hallelujah!

A close minister friend of Brother Solbrekken, pastor C.F. Dally of Glad Tidings, Embree

was stricken with prostrate gland trouble and was scheduled to go to the hospital. Brother Max prayed that both he and A.W. Rowe would be healed by Gods power. Brother Dalley went in the healing line and received a complete deliverance.

Dr. Max will hold meetings in Embree, Glovertown, Point Leamington and Bonavista, NF before returning to Edmonton. We love you, Max, please come again.
